

**Making learning more attractive
for low-level educated adults through introduction
of self-organized learning**
A transfer system into three different European societies

Multiplier conference
Istanbul, June 30th 2009

SUMMARY

- According to forecasts of employment trends, skill requirements for jobs are increasing, whereas job opportunities for low-skilled and unskilled workers are facing a dramatic decline.

SUMMARY-2

- Since learning has become a necessary precondition for successful employment, introduction of the concept of "self-directed learning" (SDL) into didactic concepts for low-level educated adults has proved to be a feasible solution for this dilemma.

WP 7

 How can we ascertain the sustainability of the project after the funding has ended?

WP 8

- 👁️ How can we reach a maximum media response?
- 👁️ How can we stimulate the demand for our concepts?
